

CORPORATE TRAINING FACILITY

Triangle Tube welcomes you to attend Factory Authorized Training at our Western Training Facility in Arvada, CO.

Attend the two day training to learn the latest techniques to install Prestige boilers and SMART indirect fired domestic water heaters. Our experienced trainers provide solutions to real-world application challenges with a combination of classroom and hands-on boiler time.

In addition, on Day 2, you will learn how to install the new Challenger Combination Boiler. The Challenger Combination Boiler is a compact, high efficiency boiler that produces heat and hot water from one unit. The Challenger and the Prestige provide heat and hot water solutions for every residence.

Course Content:

Day 1: Prestige Boiler focused training

1. Function and benefits on condensing boilers
2. Proper piping, wiring and venting
3. Prestige boiler features and benefits
4. Prestige ACVMAX boiler controls
5. Prestige boiler installation and adjustments
6. Prestige boiler maintenance

Day 2: Challenger Boiler Focused Training

1. Prestige Wrap-up
2. Challenger boiler features and benefits
3. Challenger boiler controls
4. Challenger installation and adjustments
5. Challenger boiler maintenance

Upon completion of the training, you will be registered as a Factory Trained Installer and receive a significant discount on 5 & 10 year parts and labor warranties for every Prestige and Challenger Boiler you install.

SCHEDULE

Day One: Arrive at TM Sales before 8:00 AM. Coffee and donuts will be available. Training begins promptly at 8:00 AM. Lunch will be provided.

At 5:30 pm we check into our featured hotel. If you choose to arrive the night before, you can drop your things off at your room and then it is off to dinner in beautiful Golden, CO.
